

# Enteral Nutrition Therapy

## Share Peace-of-Mind

### Promote the healing process and improve your patients' overall quality of life with proper nourishment and unparalleled care from Amerita.

Provide your patients with local care, personal attention and the comfort of knowing an experienced registered dietitian is overseeing their nutrition goals. At Amerita, we advocate for patients and collaborate with other healthcare professionals to provide each patient with the most thorough nutrition evaluations and recommendations.

### Ensure Comprehensive Care

Your patients benefit from:

- Personal nutritional education prior to hospital discharge
- Our focus on patient comfort to make transitions easy when converting between or concluding therapies
- Easy-to-use ambulatory pumps with backpacks
- All manufacturers' enteral formulas
- 24/7 clinical support

### Enjoy Easy Referrals

Amerita is in-network with most providers and offers:

- Timely insurance verification expediting patient care
- Coordinated nursing and home care
- Quick delivery of our nutrient-rich solutions to your patient's home or hospital

### It's Your Call

Meet the enteral therapy needs of your patients with local, knowledgeable, more personal care. Contact Amerita today.
